

(A) How to Start the Facebook Group as Part of the Application & Contract

✅ Step-by-Step Instructions for New VAs

1. **Log in to Your Facebook Account**

Use your personal account — no need to create a business page or separate account.

2. **Click “Groups” in the Menu and Select “Create New Group”**

3. **Choose a Name for Your Group**

Use a name that sounds trustworthy and relevant. Example:

- “Smart Stock Research for Beginners”
- “Stock Market Insights – Learn & Grow”
- “Essential Stock Market Research 2025”

4. **Set Privacy to “Private” but “Visible”**

This encourages people to join, while maintaining a sense of exclusivity.

5. **Add a Cover Image (Optional but Recommended)**

You can use a simple image with the group name or ask us — **we can provide one** for you.

6. **Create a Short Description (We Provide This)**

Here’s a suggestion you can use:

“This group shares trusted stock market insights, research-based investment ideas, and tools to help you understand the market – even if you’re just starting out. Content is provided by Final Resurrection Ltd., a professional European investment research group.”

7. **Invite 10 Friends to Get Started**

Just for activity. These can be any friends — no need for them to be investors.

8. **Take a Screenshot**

Once the group is created, take a screenshot showing the group name, and send it via WhatsApp to us as part of your application.

(B) How to Run the Group Effectively for Maximum Profitability

✳ Core Goal:

Drive traffic to <https://finalresurrection.ie> using our CTAs:

- (1) Subscribe to “2-Minute-Essentials”
- (2) Schedule an appointment
- (3) Review a Sample Deep Research Study
- (4) Order a Deep Research Study (€250 purchase)

📅 EXAMPLE: This could be your Weekly Posting Strategy (We Provide All Content)

Day	Content Type	Goal
Monday	2-Minute-Essentials Preview	Invite to subscribe
Wednesday	Highlight from Research Study	Invite to download the sample
Friday	Client Testimonial or CTA Reminder	Invite to book or purchase

Each post includes a **direct link with your unique referral code** so that **you earn €5 or €100 per action**.

🔧 Simple Engagement Tips for Beginners

- 1. Use Our Text as Is**
No need to write your own — copy, paste, post. We provide everything in English.
 - 2. Pin a Welcome Post with All CTAs**
This is like your sales page inside the group. We provide a template.
 - 3. Engage Once a Day**
Like or reply to comments, welcome new members, and encourage them to “check the pinned post.”
 - 4. Ask Simple Questions**
Example: “Are you investing this year?” or “Do you look for dividend stocks?”
→ It builds trust and visibility.
 - 5. Encourage Direct Messages**
If someone asks more, say: “I’ll DM you something interesting!” — then send the link.
